PVC/Mesh Banner Template (6 x 3 ft example)

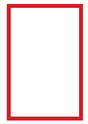
914mm = 3ft high

Make sure that the overall size of your artwork is the same size (width and height) as the file you provide us.

This template is designed for a 6 x 2 foot banner as a guide.

If using this template for your banner please delete the layer labelled “Guidance Layer”

File set-up



The red line is the finished size of the banner. This example is a 6 foot x 3 foot banner.

The green line (4cm in from the edges) is a SAFE ZONE for important imagery and text. Do not allow logos or text to creep out of this area.

The pink line (3cm in from the edges) is where the optional hem/eyelets would be.

1829mm = 6 ft wide
